Dynamics 365 Business Central

Avoid maintaining duplicates of master data

The **Global Master Data Sync** app is the simple way to centralize management of Master Data in Microsoft Dynamics 365 Business Central.

- ✓ Avoid maintaining duplicates of Master Data in multiple companies in Business Central.
- ✓ Select which tables and fields to synchronize.
- ✓ Define a structure of Global and Local Master Data by allowing a Business Central company to be both a master source and a subscriber of Master Data.
- ✓ Exchange Master Data with external it solutions and databases using data file exchange.
